Good temperament cattle to handle at assessment. Cattle had no run and fed through the race to the crush with no pressure required.

Handled With Bikes , Dogs , Horses , On foot

Assessor Comments A very good quality line of weaned heifers showing good growth for their age coupled with very good temperament. No heifers are retained and this represents the lead draft on offer with a tail removed. Heifers are very even as a group and show good softness and frame. Heifers would be equally suited to a breeder program or feeder heifer if desired. Approx 20% of mob showed some small sign of rubbing. Refer photos.
