These steers were easy to handle through the assessment. Very odd steer got agitated when being worked through the race & crush. Haven't had a lot of training through the race so will no doubt improve with a little more education.

Assessor Comments	Outstanding line of Rennylea blood Angus steers. All weighed into a tight weight bracket of 300-379kg to average 340kg full at assessment (a lighter tail end removed). The steers have done exceptionally well this year, showing good weight for age and starting to really excel coming into the spring. They would be absolutely ideal steers to take on to feeder weights in the spring or will go on to become excellent heavy grassfed kill steers being Greenham Never Ever and Teys Grasslands accredited. Please note; vendor also has 26 Black Baldys in this sale for a total of 132 steers being offered.
