Assessor Comments	Buyers, here presents an opportunity to purchase a neat little line of 7 store steers with excellent frame and heaps of compensatory gain to be had. 100% weighed at assessment to average 296kg after 12 hours off feed. These steers were a pleasure to handle through the assessment process. These steers exhibit good bone and are showing great growth traits coming off mostly native pastures. They would suit a feedlot buyer or to background for heavy trade and export markets
