These steers handle very quietly in and out of the yards, they stood silently whilst being assessed and moved slowly out of the crush when released. An absolute pleasure to handle which will ensure their ability to do well wherever they go. Assessor Comments	EU, Tey's Grasslands, exceptional quality , Frame, no condition and a temperament that would allow these steers to be handled by anyone. You couldn't ask for much more at today's affordable rates. These steers would background for both the domestic and 100 day grainfed markets . Their content and quality would also allow them to be grass fattened for all premium grassfed markets. Well worthy of inspection and a credit to their owners, only seasonal conditions force the sale of these cattle.
