Assessor Comments	A small line of Hereford cross & Angus x Hereford steer weaners that will either perform as backgrounders or majority would currently suit a domestic feedlot programme. Bulls are selected for high EBV's, growth, good bone structure & length. Steers would normally grown out for the heavy feeder market. Tail of steers have been taken out & sold in saleyards. Of the 25 steers assessed 7 Baldie steers have white markings on legs.
