Assessor Comments	A top quality line of principally Droughtmaster, Simmental, Angus cross heifers. 1 brand acc breeder. Well grown and show good growth for age as well as good bone and muscling but also show good feminitiy. Very well bred heifers with Angus bulls from Tex Angus and Gunda Park, Simmentals from Lucrana and Droughtmaster from Clonlara. Very good temperament. These heifers would be an asset to any breeding herd or suitable as trade feeders. Could also be taken through to heavy feeders or heavy kill cattle with MSA potential. Heifers come highly recommended.
