| Assessor Comments  | Very good quality Heifers. Sired by Tandara Angus Bulls, these would usually be retained in the breeding Herd, which in turn presents a good opportunity to gain some quality Heifers for ideal trade Heifers. Coming off natural pasture, these should go forward in leaps and bounds. One Heifer has a blue eye.                                                                           |                |
