Assessor Comments	Quality draft of 25 Angus Heifer weaners. They weighed 290 to 359. Ave 318 kg at assessment. The season has dictated the listing of these weaners for genuine sale, the vendor has not retained any heifers to go back into the herd, they have spent a dry winter in the hills east of Kootingal and would do well given the opportunity . Vendor bred, yard weaned and easy to handle heifers with vendor delivery to TRLX. EU accredited and Grass Fed eligible makes an attractive lot of weaners. Please note vendor has 20 steer weaners same sale.
