	The vendor has spent an amazing amount of time handling these cattle and they are extremely quiet to handle. However, cattle can react differently after trucking and in a strange environment.

Assessor Comments	A nice line of young Angus and Angus cross feeder heifers. The majority are black-coated with 4 head being Charolais cross. Heifers would fit into most Angus Cross branded feeder programs. These cattle were an absolute pleasure to handle throughout the whole assessing and drafting process. Heifers would suit to finish for either the Domestic or Export markets.
