Assessor Comments

Buyers, to be offered for sale are the Yullundry Pastoral Angus X Heifers. Averaging 392.3Kg at assessment after a 3 hour curfew, these Angus heifers display medium frames and will continue to grow and mature into larger framed cows. These August/September 2022 drop Heifers have reacted well to the early spring conditions, freshening up well presenting in good forward condition. These heifers are of more than adequate weight, frame and temperament to join. Ready to be depastured to the bull of your choice and will suit any existing breeding operation, trading enterprise or someone looking to step into the industry. Drenched and vaccinated 2x 7 in 1. Odd heifer noted with small, minor wart. Quiet heifers to handle. A great opportunity to secure a line of vendor bred heifers with plenty of hybrid vigour, to join or continue to fatten into killable weights.
