Assessor Comments	A neat line of young steers, by a Simmental/ Angus bull out of large-framed shorthorn cows. They are very quiet and easy to handle, over the years the vendor has put a lot of emphasis on temperament in their cattle and these are a testament to that. At only 8-9 months old these steers show excellent bone & shape, with some warmer weather and spring feed these will do excellently. These cattle are still very much in their winter coats which is to be expected in the cold climate they are in. Please note this vendor has a lot of 9 heifers in this sale also.
