Assessor Comments	53 Murrabinna Black Angus steers in fresh forward store condition. 10 – 13 months. The steers were curfewed overnight then individually weighed and are in a 290 to 430kg live weight range. Average 347.6kg live weight. Steers are in fresh		

store condition, drafted for quality and type. The weaned steers are well grown and strong boned and ready to gain weight rapidly given access to good feed . A small number have old very small eye scars and some rubbing otherwise all very healthy. These steers would suit anyone looking for cattle to put in the paddock or into a feedlot. I believe that this line of steers are money makers as we head into the spring ahead. Get in early to capitalize on the available feed. The vendor also has 3 other lines in the same sale.
