Assessor Comments	28 Murrabinna cross bred and coloured steers in fresh store condition. 8 – 13 months. The steers were overnight curfewed and then individually weighed and are in a 230 to 400kg live weight range. Average 288kg live weight. Steers are in good store condition. Well grown and will quickly gain weight with good feed. A small number have old very small eye scars and some rubbing otherwise all very healthy. These steers would suit anyone looking for good honest cattle to put in the paddock. I believe that the steer on offer are money makers as we head into spring. Get in early to capitalize on the available feed. The vendor also has 3 other lines in the same sale.
