Assessor Comments	Buyers, here is a good line of Well bred Angus / Angus Santa cross heifers that ave 278kg. Heifers have plenty of compensational weight gain with type. These heifers show nice depth of flank with length of body, are very soft smooth easy doing types with nice volume. Heifers are bred out of Carabar blood Angus and Angus- Angus Santa cross medium to large frame cows by Carabar Angus stud sires. Heifers worked well through yards. These heifers where original retained as replacement breeders only get sold due to failing seasonal conditions. These heifers are antibiotic free & grass only eligible. Note 1 heifer had slight old blue eye scarring but not detrimental. Odd heifer has old lice rub mark but cleaning up.
