Assessor Comments	A line of good quality Santa heifers in store to forward store condition, these heifers would normally be kept for replacement heifer, they only being sold due to deteriorating seasonal conditions. All the heifers that were weighed were quiet over the scales, some stirred up in the head bail for mouthing. The heifers are well grown and would suit a breeder or growing out for the export or feeder market. Of the heifers assessed there was one with 2 teeth up and one with the front milk teeth worn down
