Assessor Comments

Buyers here presents an opportunity to purchase an outstanding line of F1 Weaners. These steers are out of an outstanding line of Angus Breeders by a great run of Wagyu Sires. Sires consist of Sumo, Salisbury, Lyonbank, Moorobie, Sunland & Edwards Wagyu Bulls. These steers have been given every opportunity on good feed since they were weaned and present in fantastic condition to continue to move ahead. These steers show outstanding shape and style for an F1 weaner which is a true credit to the quality of the Brazil Angus cows. These cattle are exceptionally well handled and are sure to impress buyers. Please note 2 steers had old blight scarring and one steer was slightly latter cut and presented harder in the head. This is all of no detriment to the cattle at all. For more information on the Brazil Angus herd or the Wagyu Bulls used, please contact me. A great line of cattle not to be missed. Please note seller also has 132 Heifers in the same sale.
