Assessor Comments	A line of Vendor Bred Angus Steers, Sired by Glenisa and Hazeldean Angus Bulls out of an Angus Cow Herd. At assessment the Steers weighed from 181-277kg to average 210kg after an overnight curfew. Steers were late calves that the Vendor kept and weaned after selling the main run of Weaners in May, they have been on very short and dry pastures since this time and present in a store condition. They are carrying no excess condition and will respond rapidly to increased				

nutrition and protein. 1 Steers was noted to have a weeping eye during assessment, will be monitored and treated if necessary. Please note short delivery dates, also another line in the same sale.
