Assessor Comments	Buyers here's your opportunity to purchased good top quality Non Station Mated (NSM) heifers. Averaging 368kg at assessment these heifers provide the opportunity for the purchaser to pick up some heifers and join to the bull of their choice. Heifers show plenty of style and ideally make great future breeders. They also would not take a lot to continue to feed and would meet most market specifications. Buyers please note these are genuine Speckle Park heifers out of vendors own Speckle Park cows. There are at least 7 black heifers in run, including 1 with only white on her legs. No dairy.
