Assessor Comments	An Exceptionally well bred line of one mark Angus Steers. Steers were Bred on Funny Hill Binda and Purchased from the CTLX February Store Sale. Funny Hill uses only the best Angus genetics within the herd. These steers are very even and were weighed 300kg and above with the tail removed. Steers are just starting to shed their winter coats and would be ideal steers to grow into feeders or heavy steers. At assessment did notice a number of steers with a small amount of warts.
