Assessor Comments: On offer is a line of good quality young vendor bred Milwillah Angus Blood heifers. Sept/ Oct Drop. These young heifers present in store condition, being paddock weaned from the 28/8. With warm weather and improved feed these heifers will leap ahead. Ideal heifers to take on to target feedlot weights or retail as well bred future breeders. A majority of the mob where slightly stirry at assessment but with handling these heifers will quieten down as they showed by the end of

	assessment. Please note two heifers with white behind the naval and three with a small amount of warts around the eye.
