Notable Traits

	Traits
1 Head	Minor warts on neck

Assessor Comments: On offer is a neat line of 21 Black Baldy and Angus steers that weighed between 333-415 LW. Steers have been running on a small block with plenty of mouths but have still shown good gains over the past 4 months since being bought. Cattle

	are in perfect order to show compensatory weight gain on good feed, as they have frame and not carrying excess condition. Steers are by good quality Bongongo Angus bulls and their original owner is a repeat annual seller at Gundagai Weaner sale with a good reputation. These cattle showed nice temperament whilst being assessed and handled well. Cattle will perform well for any purchaser putting them onto improved pastures, crop or feedlot.
