Assessor Comments	Second draft of annual steers, that have continued to go forward with season in front of them. These steers show good frame & bone and would be ideal as backgrounder steers or to take through to heavy feeder weight or supermarket/export trade. These cattle are easy to handle and given the right nutritional plane & season Infront of them these cattle will continue to perform. Buyers please note, there is mild ring worm scaring throughout the mob but not detrimental to the animals performance.
