Assessor Comments	An attractive line of very well bred Suffolk ewe lambs, being offered as 3 x even Lots of 30 head. These ewe lambs are exhibiting good weight & growth for age, as well as demonstrating very good early maturity for which the breed is renowned for. Boasting plenty of carcass shape along with impressive body length & depth, these young ewes have a commanding presence, & are bred from a seasoned breeder of pure bred Suffolk sheep. They offer an opportunity, to join to the rams of your choice & retain the ewe portion progeny, as future breeders in a self-replacing flock, whilst producing a quality wether portion with excellent carcass qualities and weight yield potential. An ideal mob for smaller producers looking for quality over quantity, or an astute, forward thinking producer who recognises the potential for IMF and LMY premiums currently offered by select processors. Registered Flock No: ASSBA No: Wingarra 2375.
