Assessor Comments	Buyers a neat deck line of quality Santa heifers. These heifers are progeny out of an outstanding western QLD Santa herd and would be an asset to any breeding operation. The heifers in this lot are only being marketed to insure the vendors and retain their breeding herd in an ongoing dry season. These heifers display plenty of frame, length, softness and femininity making them ideal future breeders given the opportunity or they would grow into top quality feeder weight heifers to meet domestic markets. Please note there is 5 heifers with white markings on their underline and 3 heifers with light worm scaring. This is a rare opportunity to purchase these heifers at this weight make sure you don't miss out. This vendor will have another 3 lots of cattle in the same sale.
