Assessor Comments	2 "Angus Verified" heifers that were purchased as calves on heifers in March 2023 from Mackas Angus. These heifers are well gown, displaying good length, bone and soft skin. These heifers are out of wonderful mothers with plenty of milk - these young females should do the same. They show all the attributes they most people look for in their future breeders and backed up by strong genetics. It is a rare chance for a buyer to secure "Angus Verified" Pure Mackas Angus heifers. They present in fresh condition and will suit purchasers from small to large operations. NB 9 Steers in same sale are their brothers. NB vendors have 9 steers in same sale.
