| Assessor Comments  | A small line of "Angus Verified" steers that were purchased as calves on heifers in March 2023 from Mackas Angus. They show excellent length, thickness and growth for age backed up by strong genetics - their weights are proof of this. These steers show all the favourable Angus traits and will perform to meet a wide range of markets - Supermarkets/Local trade through to heavy export slaughter markets. They present in very fresh condition and will suit purchasers from small to large operations. A very impressive small line of steers not to be overlooked. NB 2 heifers in same sale. NB vendors have a small lot of heifers in same sale. |                         |           |               |   |      |
