Assessor Comments	Very good line of Autumn drop Angus Weaner Heifers. Showing good growth for age these heifers have good shape, depth and bone. Heifers are by Karoo Angus bulls out of large framed cows. Calves have been getting a supplement of DDG pellet and silage. These calves are been sold earlier than normal due to a tighter winter and spring than normal at Meadow Flat. Given the right opportunity these calves will power ahead post weaning and will definitely impress. Vendor has 5 other lots in same sale being offered in small lines due to still running on mother until delivery.
