Notable Traits	Traits			
	10 Head Ring worm on either around eyes on either one or both sides			
Assessor Comments	A good quality line of very quiet, first calf vendor bred Angus/shorthorn cows with fresh, angus calves at foot. calves are by bongongo blood angus bulls and are unmarked. Cows are predominately good medium frame and are presenting in fresh store condition. Cows are putting everything into their calves and are doing a good job on them. A number of cows with ringworm scaring around both eyes not considered to be detrimental, please refer to media. Quality cows that would benefit from a drench/lice treatment and a fresh pasture. please refer to video on breed description. An opportunity presents to purchase a line of young breeders that would normally be retained and are only being offered for sale due to ongoing seasonal conditions. Vendor also has another lot of C/C in this sale.
