	Quiet: 27 head	Quiet: 25 head Slightly Stirry: 2 head	Temperament not assessed in Paddock																				
	The cows are well handled and worked well through the yards with two strangers. The odd cow was a little twitchy on the scales. The cows are broken to dogs.																						
Handled With	Bikes , Dogs , Vehicles																						
Assessor Comments	A well bred mob of cows and calves that are showing the benefits of strong bull selection focusing on calving ease and growth. (see EBV sheets attached) Highlights of the bull's EBV's, (NORM440) calving ease +5 (VHG21S55) 200 day +67, 400 day +119, and 600 day +155. The cows are predominantly younger cows (20-22 head are 3-5 yo) and show good frame and milk. Given room and feed these units will benefit from the warmer weather and go on to rear great calves and put on a heap of weight. This load of cows and calves represent a good opportunity for the successful buyer fatten and split some good units in fairly short order. In this lot, two cows had no age tag and had a good strong sound mouth (see first teeth photo)there were also 3 older cows mouthed, two of which were worn, and one spread (see next three teeth photos). This lot was assessed on Tuesday, and were in hand from Sunday being mothered, hence being tucked up.																						
Assessor	Michael Holmes (Level 1 Accredited)																						
Delivery Period	06/11/2023 to 10/11/2023 (5 days)
