Notable Traits	Traits 2 Head White on udder			
Assessor Comments	A very neat run of well bred, Clea Angus females, preg tested in calf to Clea Angus bulls to calve late March for 5 weeks. Heifers are well grown and true to type, as Clea have a high focus on growth, fertility and IMF. A portion of these heifers are bought in from Curralea Pty Ltd at Wagga and a very well bred Rennylea/Bongongo heifers. Only being sold now due to missing going in calf with rest of their mob and so were rejoined for an Autumn calf. Heifers represent a great opportunity to add quality to a good ANGUS herd or to trade later next year as markets improve. Please note: vendor also has lot of 9 older cows on Auctionsplus today.
