Assessor Comments	A great opportunity to purchase a Very Good quality line of 1ST X EWES in the prime of their lives. These 3YO large framed fertile Ewes are a Flock Dispersal for the Collins Family and are on offer due to a change in farming direction. These Ewes had 155% marked lambs at foot at weaning and were weaned 18/9/23 at shearing. Approx 250 head were purchased as Ewe lambs which are Muelsed & Approx 150 head were vendor bred and are carrying a tail strip. All the Ewes have been performance recorded with EID Tags for fertility and weight gain and have had a 5% tail removed for off types or feet. These Quality 1STX Ewes carry my strongest recommendation and can be bought with confidence.
