Assessor Comments	Acc Petaren, 121 4yo ewes, M&TS, Sept shorn. This is an excellent line of breeding ewes that have had drys taken out at lambing every year and I drafted out a tail condition line after shearing. They are Foward and fresh and moving Foward in condition and have larger frames. These are strong breeding ewes that produce good terminal XB lambs. Buy with confidence you are getting good breeders. ##vendor offers 170 orange taggers in same auction##
