	Heifers were good to handle throughout the yards and race. One heifer became unsettled in the crush and exited quickly. All settled when back together in the holding yard and remained quiet when being photographed.		
Handled With	Bikes		
Assessor Comments	A line of mostly very good quality vendor bred heifers. 75% medium framed with two head large framed and one small framed. Heifers were all pregnancy tested 08/11/23 by a Goondiwindi vet and given an Ovuprost injection. All heifers are NDP, pregnancy certificate available on request. Heifers are sired by Moorooobie Angus bulls over Angus & Angus / Hereford cows. Heifers have not had access to any grain or cotton seed and are PCAS eligible. They would suit to take to the heavy end of domestic feeder weights. Alternatively the top 66% have the potential to make very good quality future breeders. Heifers have also been vaccinated with two shots of 5 in 1. Please note that the brothers of this line are also in this same sale. Located 5km East of Goondiwindi on the Cunningham Hwy.
