Assessor Comments	80 Angus Heifers out of a renowned Central Tablelands herd. These heifers need no introduction in the local area and are oozing quality. Heifers are showing very good frame with a nice depth of body to them to grow into ideal future breeders or		

take out to heavier feeder or kill weights. They are presenting in a forward store condition and just starting to clean up in the coat. Heifers weighed out in a tight weight bracket of 270-354kg full at assessment with a small tail removed. Heifers that will not disappoint.
