| Assessor Comments  | Good line of 39 Shorthorn steers. Vendor Bred, 280kgs at assessment. They show plenty of frame for their age. These steers had a good start, but the season has cut out in the past few months, and numbers need to be off loaded. Running on next to nothing, bring fed pellets and hay daily. Given a fresh paddock or a crop these steers will respond rapidly. Also great temperament was observed, well handled cattle. Perspective buyers will do well with these steers. "They just need a good feed" |
