Assessor Comments	Buyers, on offer are 52 good quality vendor bred milk tooth trade steers. Steers show very good weight for age and exhibit plenty of length and depth. Steers would be ideal to feed for the domestic trade job, or take through to heavier feeder weights or keep and take through to bullock's at a young age. Steers are very well educated and are very tiry around the heads and come with plenty of softness, This is your chance secure 2 x decks of good quality trade steers that that perform well in feedlots and are sought after by previous purchases.
