	Craigie Station cattle are very well handled and worked quietly through yards. These steers worked well through home yards while being drafted and assessed. A % of steers became unsettled when confined but were quick to resettled when released back into mob.
Handled With	Bikes , Dogs , Vehicles

Notable Traits

	Traits
1 Head	1 Blue eye, very low vision
1 Head	Brindle steer
1 Head	Late marked
1 Head	Small white patch on head

Assessor Comments	A line of 171 good quality vendor bred predominately Droughtmaster yearling steers presenting in store condition that had a LWT range at assessment of 220 - 327kg full to average 251.8kg after a -5% curfew. Buyers this is a good opportunity to purchase a line of steers showing good growth for age and plenty of compensatory weight gain. The Craigie Station cattle showcase some of the leading Glenlands Droughtmaster genetics are renowned for their doing ability and performance. Steers are PCAS and grasslands eligible and would suit to background, feed or fatten on crop. Please note; A % of steers were noted at assessment to have weeping eyes due to dusty conditions and flies being thick, any steers with active infections will be treated at the time of delivery but will NOT be pulled out. This vendor has multiple lots in same sale.
Assessor	**Ben Johnston (Level 1 Accredited)**
