Assessor Comments	A good quality line of medium frame heifers, surplus to requirements. Best suited to background to domestic feeder weights or take further on grass or crop. The top end OK as future breeders as they come from a well established quality herd. Note they have been treated twice with Bovilis MH + IBR, bottle and batch numbers available on request. The heifers were mustered the day before assessment and held in a holding paddock with some grass prior to assessing. Note there are 92 steers and 58 heifers also in this sale just down the road which are the same breeding and belong to another family member.
