Handled With	Bikes , On foot , Vehicles
Assessor Comments	Top quality, long bodied well bred angus heifers, easily handled. We mouthed the heaviest of the heifers and no sign of any eruption taking place. Bowen Park has a reputation of producing top quality calves and these are typical of the high standards they set themselves . Highly Recommend, Heifers reweighed 14/11/23. Really good weight gains refer documents. I head obviously had a foot off the scale on original weighing.
