Assessor Comments	53 Excellent quality future breeder Angus heifers, 14 - 15 months old, these heifers are in forward to prime condition and weighed 388.7kgs at the time of assessment. (369.3kgs at the time of delivery -5%). Vendor has used Pure Abbington bloodlines for over 30 years and has always grown out really efficient breeders. These heifers would make great future breeders and are ready to be joined. Heifers are moderate framed and display plenty of depth, shape and bone early on and will only improve with age moving forward. Please note buyers there are 2 heifers with white around the udder and 1 with white to the navel. 1 heifer with a blue scarred eye but not detrimental. 10% of these heifers have a light showing of warts and 10% have some old ring worm scarring.
