Assessor Comments	A lovely line of Wirruna blood Future Breeders. The Aumann family have been breeding with the Wirruna bloodlines for 10		

years and these heifers present with all the right characteristics of the breed and are very structurally sound females. They have been well handled and demonstrated a nice temperament at assessment. Their bloodline is known for improved milk, structural soundness and high fertility. These heifers would be a fantastic addition to any astute breeder looking to increase numbers while maintaining quality, this is an ideal article to put away and join to the bull of your choice. Please note one heifer has scarring on eye, not deemed detrimental. Vendor has another 2 lots of steers in this sale
