Assessor Comments	A really neat line of Backgrounder/Light feeder steers. These steers are really on the do given they had a bit of a hold up during a tough wet winter, presenting in their working clothes it will not take them long to round up and show a bit of bloom, would suit either a bullock fattener or someone looking for a quick turnover that is willing to get them to a heavy feeder weight. They are well bred cattle with plenty of bone and depth.
