Assessor Comments	Buyers an opportunity to secure a line of breeders designed to breed calves for domestic markets. These cows are all flat back cows with a good amount of frame, type and softness making them ideal breeders. The cows in this lot present in store condition but are doing an exceptional job on their calves and you will see in the photos. The calves in this lot are all good types with good frame and softness allowing them to grow out into future feeders or breeders for the successful purchaser. There is 42 cows in this lot that did not have calves on the ground at the time of assessment but are all visually heavy in calf, showing softness under the tail and good milk supply. In this line of breeders there is approximately 40% with non visual brands and out of that there would be 20% that look to be older cows (Over 10). 1 calf that presents as abnormal also the Brahman in the calf video is not included. This is a genuine sale with no cows retained all must be sold!
