Assessor Comments	A genuine line of 4-5 year old cows doing a great job on their calf, with calves averaging 105kg. The cows present in a store condition and as expected with fresh calves at foot. This particular line of cows and calves have Karoo genetics right through them with the bred cows going back to Karoo lines and the calves sired by the Karoo bulls, Cows have also been rejoined to the same Karoo sire. (2) Cows had a slight Blue eye in one side. Cows and calves are for genuine sale as the property has been sold.
