Assessor Comments	Here is a good opportunity to purchase a good quiet mob of young heifers & calves that are doing a great job on there calves. Heifers are in strong store condition given the trying times in the local area. Calves are fresh in condition and are displaying great shape. Three black baldy calves in mob. These heifers have been supplemented with Anapro the last 4 months & given the right opportunity these cattle will power ahead. These cattle have been handled by a good stockman and are easy to handle in the paddock with horses, dogs & bikes and also good to handle in the yards. N.B one heifer has a white water mark on side. One calf has lump on jaw.
