Assessor Comments	On offer by "Mannion Pastoral" Ex Lake Wallace stn is the opportunity to secure 81 x 2019 drop station mated Hereford classed in proven breeders. These cows were purchased as heifers from quality bred South Australian herds during the restocking process in late 2019/2020 and have grown into exceptional pastoral cattle. Continuously joined to Angus bulls their last calves were marked in July and have just been weaned, pregnancy testing wasn't available but all cows have had a calf in the past as dry cows have been removed religiously. These cattle are only being offered as vendors have been retaining the angus portion of the progeny to replace the herd and have achieved the desired numbers, with seasonal conditions changing this represents a good opportunity to secure young breeders in strong forward condition ready to raise another calf.
