Assessor Comments	Nutrien is pleased to present Jackaroo's NPU Q14 for sale in the inaugural Stud Angus Female Sale for Jackaroo Angus stud. The stylish, registered female has been offered due to not falling in calf during the Jackaroo Angus AI program. It should be noted though that she just weaned a big calf and has done it tough through a Monaro winter on naive grass. She has calved in previously and is ready to join to the bull of your choice. All the Jackaroo cattle are handled frequently and walked through yards at weaning so have a good reputation for being quiet and safe for anybody to handle. Bulls and females are presented in their working clothes with no special feeding occurring so should bounce away upon arrival at their new homes. Vendor can deliver females locally or away if organised prior to sale.
