Temperament not assessed in
Paddock

Handled With	Well handled cattle, very easy to manage through the yards and paddock. Very, very good temperament. Bikes , Dogs , On foot , Vehicles
Assessor Comments	Nutrien is pleased to present Jackaroo's UAL Q200 for sale in the inaugural Stud Angus Female Sale for Jackaroo Angus stud. This registered female has been offered due to tightening season and fresh heifers coming through. It should be noted that due to lateness of term of pregnancy, that these females if looking close to calving are able to stay on the property until calved and delivered once calf is old enough to travel. This heifer has good growth data and a +3.6 for IMF. All the Jackaroo cattle are handled frequently and walked through yards at weaning so have a good reputation for being quiet and safe for anybody to handle. Bulls and females are presented in their working clothes with no special feeding occurring so should bounce away upon arrival at their new homes. Vendor can deliver females locally or away if organised prior to sale.
