Assessor Comments	Nutrien is pleased to present Jackaroo's NPUQ17 for sale in the inaugural Stud Angus Female Sale for Jackaroo Angus stud. This registered female and her twin calves have been offered due to tightening season and fresh heifers coming through. She is doing an excellent job on her sappy calves. She goes back to Millah Murrah Hercules on the dam side. It should be noted that due to her having one bull and one heifer calf, there is a 90% chance that the heifer calf will be a free martin. All the Jackaroo cattle are handled frequently and walked through yards regularly so have a good reputation for being quiet and safe for anybody to handle. Bulls and females are presented in their working clothes with no special feeding occurring so should bounce away upon arrival at their new homes. Vendor can deliver females locally or away if organised prior to sale.
