Health Declaration	A National Sheep Health Declaration will be provided at Delivery AT BUYER REQUEST		
JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.		
Other JD Management	All Brough in sheep must be Gudair vaccinated.		
Vendor Comments	Normally these lambs are grown out to trade weights, with previous buyers very happy with them.		
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	A very well bred line of White Suffolk Merino X lambs that will be on the front foot until delivery. 100% of these lambs weighed over 32kg to average 35.8kg empty. All of the hard work has been done, they were imprinted to grain with their mothers and the vendor making comment that every lamb is coming to the feed cart with no shy feeders. Since weaning the lambs have been growing at well with very little set back & will continue to do so up until delivery. These lambs are by early maturing, positive fat Coronga White Suffolk rams that target the trade lamb market and have the flexibility to grow them out to export weights. The vendor has been marking the tails longer than normal, this is to prevent anal prolapse & cripple lambs with great success. Total of 1240 lambs to be sold as a run out the gate in 2 lots of 620.		
Assessor	Taylor Meek (Level 1 Accredited) Phone: 0409 343 417
